

**INTERESTING MEETING
OF INSTRUCTORS****Teachers' Association of Second
and Third Magisterial Dis-
tricts****HELD AT EARLINGTON
FRIDAY, SEPTEMBER SIXTEENTH**

The Teachers' Association of the Second and Third Magisterial districts was held at Earlington school Friday, September 16, 1910.

Devotional exercises were held by Rev. Brandon and the children of the higher grades. On behalf of the teachers and citizens of Earlington, Mr. Dudley welcomed the teachers of the district and invited them to help solve the problems that confront us all. In response to this welcome Mr. C. W. Bailey said that the teachers of the district were glad to be in Earlington that they would try to help solve the problem of poor attendance. Supt. Fox said the chief purpose of the association is to arouse interest, and that the churches and schools are the nucleus around which everything centers. He further discussed irregular attendance. As to the subject of spelling, Mr. McGregor said, it is not a test of scholarship. Miss Sisk said, to secure best results in spelling, she writes the words on the board and there gives the the word drill. Words afterwards are used in sentence, and at the end of each week, words that have been misspelled during the week are received. Mr. O. P. Bailey thinks the old-time spelling matches are not beneficial in school work. He said that every day from the primary to the highest grade, he has a spelling match, but among children of the same advancement.

The subjects just given, were then discussed by Rev. Brandon, who in discussing spelling, said it seemed to him, to be a gift, withheld from many. He believes that every school should have a debating society. Mr. Bailey laid further emphasis upon his opinion of speechmaking. Mr. McGregor said he had children to repeat verses from the Bible at the close of day. Mr. Fox is an advocate of "speech-making" and "spelling matches". Mr. Dudley discussed what ought to be the scholarship of teachers. He said, teachers are judged in two ways first as to their discipline, and second as to their scholarship. Miss Weir said the teachers responsibility is very great. She thinks too, that children should be taught to depend upon themselves. The meeting then adjourned for dinner, which was served in the building.

At 1:30 o'clock the association was again called to order with Mr. O. W. Bailey as the first speaker. He said a relation should exist among patrons, pupils and teachers, each should be interested alike. Miss Mothershead said to get the school in hand, and then the work in hand. Miss Coffman said, that the intelligence of our citizens depends upon the schools. Education should enable one to more efficiently fill his place in the world. Mr. Cox said also that education is the bringing up of the child to citizenship. One should be trained morally, physically and intellectually. Miss Davis thinks composition and letter writing go hand in hand. Miss Bailey lays a great deal of stress upon letter writing. The subject next taken up was

primary arithmetic. In this work Miss Mothershead uses objective work and adds combinations of numbers as they are needed.

Mr. Parker said school government was the end to be sought. Mr. Craig said unruly pupils should be managed with the switch. Mr. Bailey agrees with him upon this mode of punishment. Mr. Cox said a child should obey through love instead of corporal punishment. Mr. Dudley said to get into the life of a child, and you will win him over to your side. Mr. Bailey said one of the most important factors, that affect, teachers, trustees and patrons is the lack of patriotism.

The meeting was then closed with the central thought of "co-operation" left in the minds of all.

BIG CIRCUS AT HOPKINSVILLE

Ringling Bros. World's Greatest Show to
Be There on Saturday, October 1.

Ringling Brothers' World's Greatest Shows will, on Saturday, Oct. 1, give two performances in Hopkinsville.

This will be the only opportunity this year of seeing the best of all circus entertainments. This is the show that amazed New York City with its European company of actors, and its extensive new manageria. Its parade is the longest and most superb spectacle that ever passed through the streets of any city on earth. On April 3, 1888, the Five Brothers gave their first performance in their home town, Baraboo, Wis., on the public square. They made their own tent and ring properties. The audience sat on planks borrowed from a lumber yard. They had but one horse. From that little one-ring affair to their present stupendous organization the history of the Ringling Brothers reads like a fairy tale. They began with nothing. They now own the greatest amusement enterprise in all history.

Among the many European features offered this year are the Schuman horses from the Circus Schuman at Berlin, Scheveningen and Frankfurt. Aldert Schuman as a trainer of horses, is the most wonderful man in history. He has made ten millions of dollars exhibiting the animals he has trained. Tourists travel many miles out of the way to visit his institutions in Germany. There are fifteen animals in his act. They enter the arena concealed in large beer barrels piled on an immense brewery wagon. They are not discovered by the audience until they kick the heads out of the barrels and jump into the ring. They began their act by pulling the bungs from kegs, drawing a beer-like fluid from the tap and drinking it from big glasses. They roll each other round in barrels. They waltz in time to music. They skip the rope and smoke pipes. From the beginning to the end of their act they remain standing on their hind feet.

Another great act is presented by the Saxon trio of the world's strongest men. Two of them form the pillars of a bridge over which passes an automobile with six passengers. Still other novel and great acts are presented by the Lorch family of acrobats, from Germany,—the great Alexis family of aerialists, Roble dillo, the Spanish wizard of the wirs, the Dutton family of riders, and the greatest company of Clowns in the world. The new parade is a marvel of beauty. The new manageria is a complete collection of animals.

Taft Will Accept.

The publication of a story purporting to come from Beverly that President Taft has decided to step aside as a presidential candidate in 1912 for Col. Roosevelt was denied at Beverly last night. It was authoritatively stated that President Taft would accept a second nomination from his party.

**CAPTAIN ROGERS
MAKES GOOD****His Escape From the Enemy—
Rides at Breakneck Speed
Through Cornfield****AMID A FIERCE HAIL OF BULLETS.**

The Kentucky Troops encamped received their "baptism of fire" to-day in a battle waged over one and one-half square miles of territory in the vicinity of Bakers Bridge.

The feature of the fight was the sensational capture of Capt. Nelson, of the Third Kentucky infantry, sent out by Col. J. Henry, commanding the provisional brigade of "Blues," with Capt. Rogers, also of the Third, as an officer's mounted patrol to locate the hostile column. The two officers ran almost into the enemy, a provisional brigade of "Red" commanded by Col. Zimmerman, of the fifth Ohio, before they knew it and turned about to return to their commander. Capt. Nelson's horse refused to cross a small stream and he was taken by four of the enemy's scout.

Seizing his pistol, he fired, killing one of the four. The other three, however, covered him, one of them wounding him in the side. He was then taken prisoner. Meanwhile Capt. Rogers was pushing his horse at breakneck speed through a cornfield towards his lines, amid a hail of bullets. He escaped with only a slight wound and returned to Col. Henry with the desired information, being highly commended for his bravery in crossing the cornfield in face of the enemy's fire.

While no decision was rendered by the umpires it appeared that the first Kentucky had won high honors in stopping the "enemy's" flank movement enabling the "Blue" forces to stop the "Red" advance.
